TRAIL'S ECHO

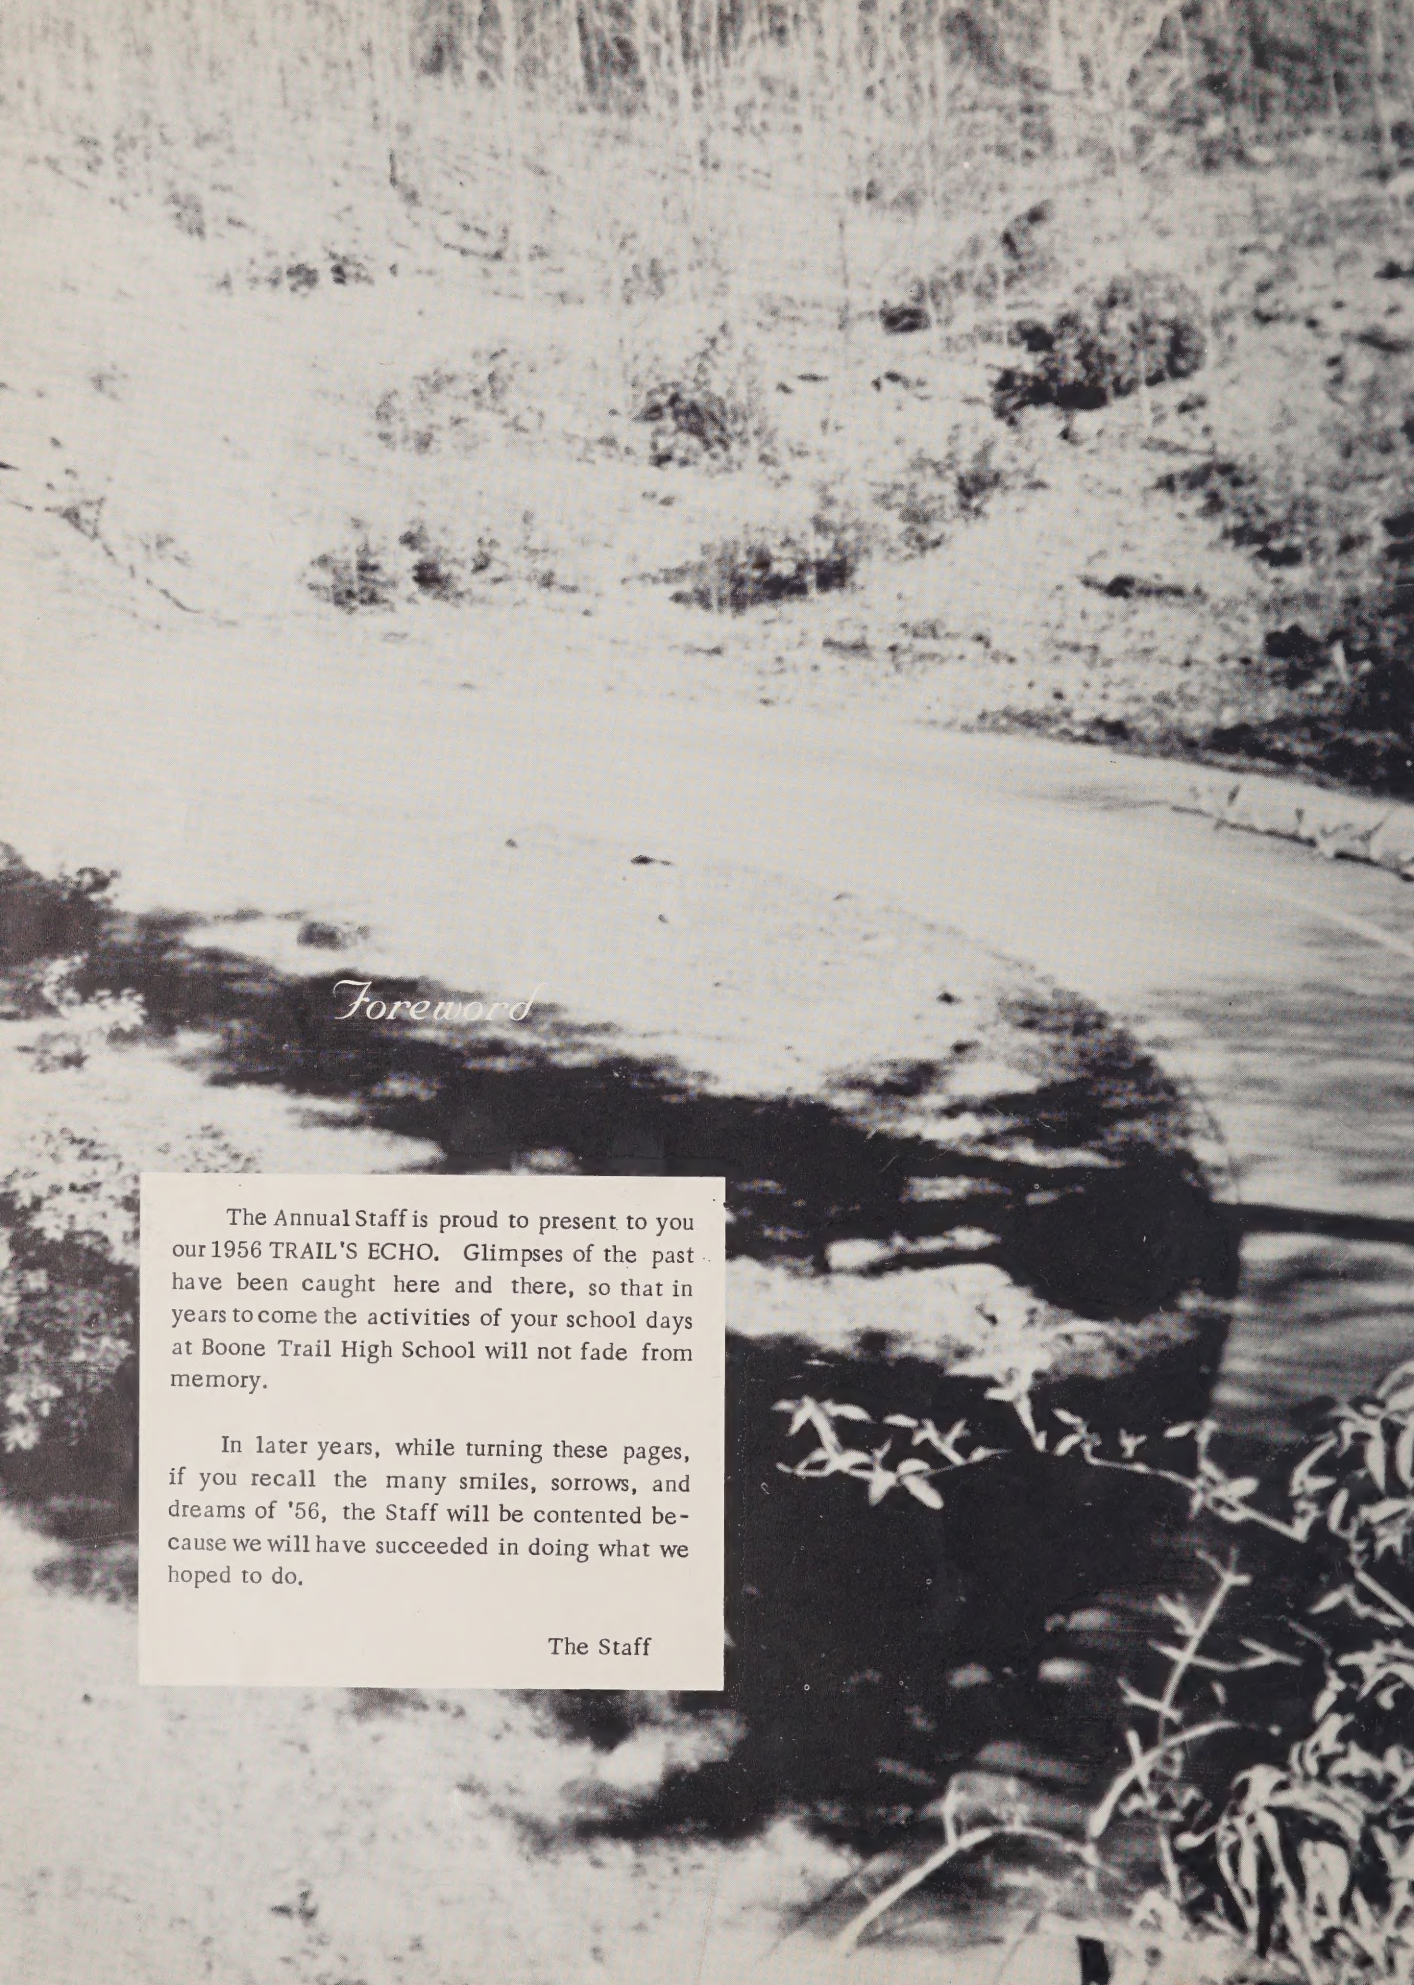
56



Foreword

The Annual Staff is proud to present to you our 1956 TRAIL'S ECHO. Glimpses of the past have been caught here and there, so that in years to come the activities of your school days at Boone Trail High School will not fade from memory.

In later years, while turning these pages, if you recall the many smiles, sorrows, and dreams of '56, the Staff will be contented because we will have succeeded in doing what we hoped to do.

The Staff

Dedication

To Mr. Thomas C. McCall who inspired us to look for greater achievements in life, and whose delightful personality has won the love and admiration of the student body--we proudly dedicate this 1956 edition of "The Trail's Echo."

Never before has there been anyone who was more worthy than he and we only wish that there were something even greater that we could do to express our heartfelt thanks to him for helping to make Boone Trail High School a better and more outstanding school.

Flight 1956

Dear Seniors:

Now that you are about ready to graduate from high school, you are almost ready to take your first solo flight into the unpredictable future. As your flight instructor, it is my job to pass on a few pointers before you take off.

The flight ahead may not be an easy one. Perhaps you may have rough air to navigate, perhaps a few forced landings, but whatever lies ahead, your trip will be more smooth if you'll navigate by these instruments.

FIRST, the COMPASS OF COURAGE. Courage to take a tough job and do it well, courage to set your standards high and to live by those standards no matter what the rest of the crowd says or does. Courage to set a good example. Anyone can drift but it takes real courage to stick up for what you know is right. Check your compass often.

SECOND, the AUTOMATIC PILOT - PATIENCE. Without this instrument you can not fly a straight and level course. You must have patience to see things through. If every thing you've worked for seems to fail, patience will help you pick up the pieces, and try again and again until you succeed. There is a right time and place for everything. Have patience to wait for the opportunity God gives us all.

THIRD, the ALTIMETER OF FAITH. With this instrument you can soar to any height. You must have faith in yourself, first of all, to believe that you can handle yourself in any challenge life hands you. This is half the battle. Have faith in the future; in your church; in your family and friends. Help them to have faith in you too. There will be times when even these instruments seem to fail. It is then that you must radio into Head Control Tower Operator for directions. Trust Him. He will keep you on the beam no matter how rough the weather becomes.

Now it's time to turn the controls over to you and give your prop a spin. I wish you a smooth, swift flight and happy landings.

Your friend and principal,

N. E. Jones

High upon a lofty hilltop
Neath a sky of blue,
Stands our noble "Alma Mater,"
Glorious to view.

Loyalty to thee we'll render,
Though thy walls we'll leave,
Memories both fond and tender
In our hearts we'll cleave.

Boone Trail, Boone Trail,
Hail to thee!
Onward mayest thy press
Hail to thee, O "Alma Mater,"
Hail, B. T. H. S

MOTTO

Spend not your time in
regretting the past
But in building the
future.

STEP TOWARD GREATNESS

Through all the years we've spent at
Boone Trail High School
We've shared our joys, our sorrows,
and our fears.
We hate to leave, but in our hearts
will linger
Dear memories of laughter and of
tears.
We believe that there will be success
awaiting
For each of us somewhere along life's
way.
So step by step today we go toward
greatness,
For only mere foundations have been
laid.
We know that there will be some dis-
appointments,
For life is not all roses we are
told.
But we thank our God that Faith will
always guide us.
And lead us to our great and glorious
goal.
So, Boone Trail, good-bye, good-luck,
and may God bless you.
We can't begin to say how we love
you.
So with heavy heart and misty eyes,
we thank you
For all you've done, and wish our
best to you!

Elaine Nordan

SENIORS SAY GOOD-BYE

School house doors are closing,
As the Seniors say good-bye.
And we hate to leave our dear old Boone Trail High.
Now we must say good-bye.
Oh, how we hate to part.
To leave our classmates forever
Leaves an empty spot in every heart.
So, Boone Trail,
We say our last farewell
Now the day has come and we'll on our way.
So good-bye each moment has been swell.
There'll be dear mem'ries of Boone Trail.

History

After reaching the goal which we have strived toward for twelve years of times and disappointments, we now look back with grateful hearts to those who have given us the help and encouragement we needed to reach the top of our graduation tree. From our first teachers, Miss Womack and Mrs. Pipkin, we have had wonderful teachers to push and shove us until we could safely rest on our next branch. We thought we knew everything when we were sitting on the second branch with Miss Johnson and Miss McLeod. But this soon faded as we began studying multiplication tables and how to write in the third grade with Mrs. Steele and Miss Salisbury. We were really thrilled when we began work on our first operetta, "The Land of Dreams Come True." Mrs. Steele's class organized a rhythm band for a chapel program and played two-part music to "The Blue Danube" and "The Military March."

We climbed to our fourth limb and found ourselves on the big playground with Mrs. Stewart and Mrs. Johnson. They really had a hard time carrying us around the world in a geography book. Moving on to the fifth branch with Miss Chandler and Mrs. Patterson, we gave our second operetta, "Cinderella." Georgia Lee O'Quinn was Cinderella and Johnny Byrd was her Prince Charming.

Climbing with Miss Rogers and Mrs. Ray was lots of fun when Mrs. Ray read books to us after lunch every day. SECRET GARDEN was a favorite of everyone. On our seventh climb with Mrs. Steele and Mrs. Powell everyone stayed very busy. We made objects of papier-mache and also pretty decorations with plaster of Paris. By selling these objects at the community fair, we made enough money to buy a lavatory for our room. We also toured Raleigh this year and went to see the "Christmas Story" at Morehead Planetarium.

On our eighth branch Miss Byrd and Mrs. Stack worked hard to prepare us for high school where Mr. Rogers and Mrs. Parker were our first teachers. Getting used to lockers was difficult for everyone. Mrs. Seymore and Mrs. Stott were our tenth grade teachers. Several of the girls were waitresses for the Junior-Senior Banquet.

Climbing on the eleventh branch with Mrs. Thomas and Mrs. Hales proved to be very delightful. Our Junior play, "The Campbells Are Coming," was a great success. For the Junior-Senior Banquet we used "Starlit Gardens" as the theme. Everyone had a wonderful time. At Commencement, Elaine Nordan, Barbara Brown, Betty Ann Patterson, Cleta Nell Stewart, Gwendolyn Patterson, Donald O'Quinn, and Georgia Lee O'Quinn as Chief were marshals.

We'll always remember our twelfth and final branch with our Senior Class Sponsor, Mr. McCall. We worked hard to make our Senior play, "The Boarding House Reach," a big success. On a combined tour of Washington, D.C. and New York we saw the highlights of our national capital and our largest city. Commencement was something which we can always remember as the time when we said good-bye to our school and to each other.

Prophecy

"Double, double, toil and trouble
Fire burn, and caldron bubble
Cool it with a baboon's blood
Then the charm is firm and good.

It was so dark I could hardly see my way around. I heard a shrill voice and froze in my tracks. Then Hecate, queen of the witches, grabbed me and told me about the charm she was conjuring up. It seemed she wanted to know what the Seniors of 1956 were doing and since they were my classmates she let me look on. This is the foggy sight I saw: Rising from a big, black pot came people who looked familiar and yet also looked strange.

Pete McKay was a triple-decker bus driver bound for the Blue Ridge Mountains. He said he got his bus driving training by driving No. 26 through storms and hurricanes.

Nancy O'Quinn appeared in a honky-tonk singing "Shake, Rattle, and Roll." From her looks it must have been going over in a big way.

Bobby Usry was driving a helicopter for General Wayne Faircloth in the United States Air Force.

I saw Betty Ann Patterson practicing the main part in "Miss Sadie Thompson." Her red hair sure makes a great hit.

Foster Patterson was sitting out under a tree studying birds. He always did like the outdoors much better than the indoors.

It was a great surprise to find out that Bobby Thomas and Elaine Nordan had become the two reading characters in "Unto These Hills."

Johnny Byrd was sitting in the shade of a cactus. He was resting from the duties of his office, being Governor of Arizona, while his secretary, Cleta Stewart did all the work for him.

Wesley Brown and Georgia Lee O'Quinn are perfectly happy since they are married and living near Mt. Mitchell.

Dorothy Stewart's quintuplets have made HEADLINES, appearing weekly at William Neill Reynold's Coliseum in Raleigh.

Alvin Wilson is head of the Jitterbug Department of Mamers Dance Studio.

Fletcher West and Rex McArthur are the co-owners of the factory which has produced the latest fad for boys: Short pink pants trimmed in lace.

Running for President of 1976 is none other than Donald O'Quinn. If he is elected a lot of the credit will go to Delores Griffen, his Campaign Manager.

Jerry Matthews was running a drugstore in Mamers and guess who is his head sodajerk? Just Martha Ray Oakley!

A news flash! Gwendolyn Patterson has just defeated Ruby Holland in the highdiving division of the Olympics.

Linda Buchanan had finally hooked a millionaire. You could hardly see her coming down the street for her minks.

Faye Thomas and Vernal Kelly were looking over the beautiful flowers at Duke Garden. They are proud of being in charge of them.

Ann Mason had signed a contract with Barnum and Bailey Circus. She is queen of the high trapeze.

When I found out that Ted Cummings had taken over Disneyland, I knew that there would be some changes made. Sure enough in the first picture Rita Hayworth was the main star.

Grace Marie Patterson has taken over McPhail Greenhouse in Sanford.

Eldon and Troy Collins are working at the Planetarium in Raleigh. Also in Raleigh at the Coliseum is Bernice Byrd who appears weekly and sings his hillbilly songs for which he is most famous.

As Hair Stylist, Frances Dickens is working for the Director of "The Lost Colony"-Lee Thomas.

Pat O'Quinn was at State College where he is head of the Engineering Department. Also teaching at State were two old maids Velva Holder and Faye Deal, who wanted to be near some men.

Donald Nordan has a garage of his own and his number one mechanic was Roger Page.

Barbara Brown finally finished her first book. The title of it is HOW TO MAKE LOVE IN TEN EASY LESSONS.

Next I found that Faye Buchanan had a TV show of her own. Every night she plays opposite Rock Hudson.

Una Mae Holder has finally reached her heart's desire--to be Dr. O'Quinn's nurse.

Slowly the witches began to vanish and I was left in complete darkness to wonder how such things could possibly be.

It is with admiration and love that we say "Congratulations," sons and daughters, for the achievement that you have now received. It has been a joy and a blessing to watch you grow into strong and dependable boys and girls. You have understood when we had to say "no" to some of your requests, and your encouraging smiles reassured us that you were not disappointed.

With a determined effort to make you happy, we have listened to your problems, help carry your burdens, and shared your joys happily. You have obeyed us willingly and the moments we have spent together are as precious as jewels, for we realize now that you will begin separate lives of your own. May your lives always contain happiness and contentment and may your goals be nothing but success. God bless you always is our prayer.
